

PRINCESS V72

BLISS

PRINCESS V72

Overview

The Princess V72 is a striking combination of British engineering, performance, and luxury, offering a sleek profile and refined onboard experience. Designed for comfort, elegance, and power, BLISS lives up to her name—delivering effortless cruising with contemporary style and impressive seakeeping capabilities.

During the day, BLISS can welcome up to twelve guests, while at night she offers comfortable accommodation for up to six guests across three well-appointed cabins. The full-beam Master Suite, located midship, features a generous layout with a private en-suite bathroom and expansive storage. Forward, the elegant VIP Cabin provides guests with a bright and airy retreat, also equipped with a dedicated bathroom. A third Twin Cabin, located to starboard, offers flexible sleeping arrangements with convertible beds, making it ideal for families or close friends.

The interior of BLISS is finished in a timeless contemporary style, with high-quality materials, neutral tones, and intelligent lighting that creates a warm and relaxing atmosphere. The main salon is a bright and open space designed for both socializing and unwinding, seamlessly connected to the cockpit through large glass doors that slide away completely, blurring the lines between indoor and outdoor living.

On deck, BLISS impresses with expansive lounging and dining areas both fore and aft. At the bow, guests will find a wide sunbathing space accompanied by a comfortable seating area—perfect for enjoying the breeze and taking in panoramic views. At the stern, a generous dining table and sun pad create the ultimate space for alfresco meals and relaxation under the sun or stars.

BLISS is the embodiment of elegance, comfort, and performance—an ideal yacht for those seeking both exhilarating navigation and peaceful escape on the water.
